BALI

One island. Many souls.
Your way of living.

THE MANIFESTO

Every village in Bali has its own soul.

Bali is not a destination. It is an island where every village lives differently.

In Canggu, you take care of your body and get back in shape. In Ubud, you slow down, breathe and listen. In Sidemen, rice grows to the foot of the volcano and the silence is complete. In Nusa Lembongan, the day is spent in the water, barefoot. In Uluwatu, there is the cliff, the wave, and the sun falling into the sea.

Nowhere else in the world do so many ways of living, so different from one another, sit less than an hour apart.

At LIVING, we have decided to do everything it takes to turn each of them into an immersive lifestyle experience, unique in the world. Not a villa. A lifestyle villa: a place, a soul, and everything that goes with it, organised from the first morning to the last evening.

You choose a way of living. We take care of the rest.

Five villages. Five ways of living.

01

CANGGU

Wellness

The body first. Personal trainer, macro nutrition, bloodwork at home, a treatment a day. Leave fitter than you arrived.

02

UBUD

Spiritual

The mind. Water ceremonies, meditation, Balinese healers, temples at first light.

03

SIDEMEN

Nature

The silence. Rice terraces, the volcano at sunrise, the river, and no one around.

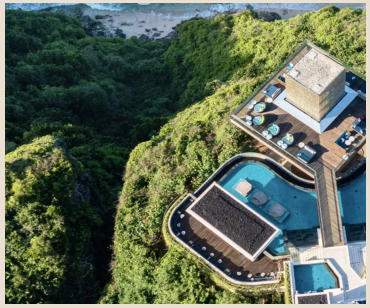

04

LEMBONGAN

Ocean

The water. Manta rays at dawn, a private boat, sunsets watched from the sea.

05

ULUWATU

Surf

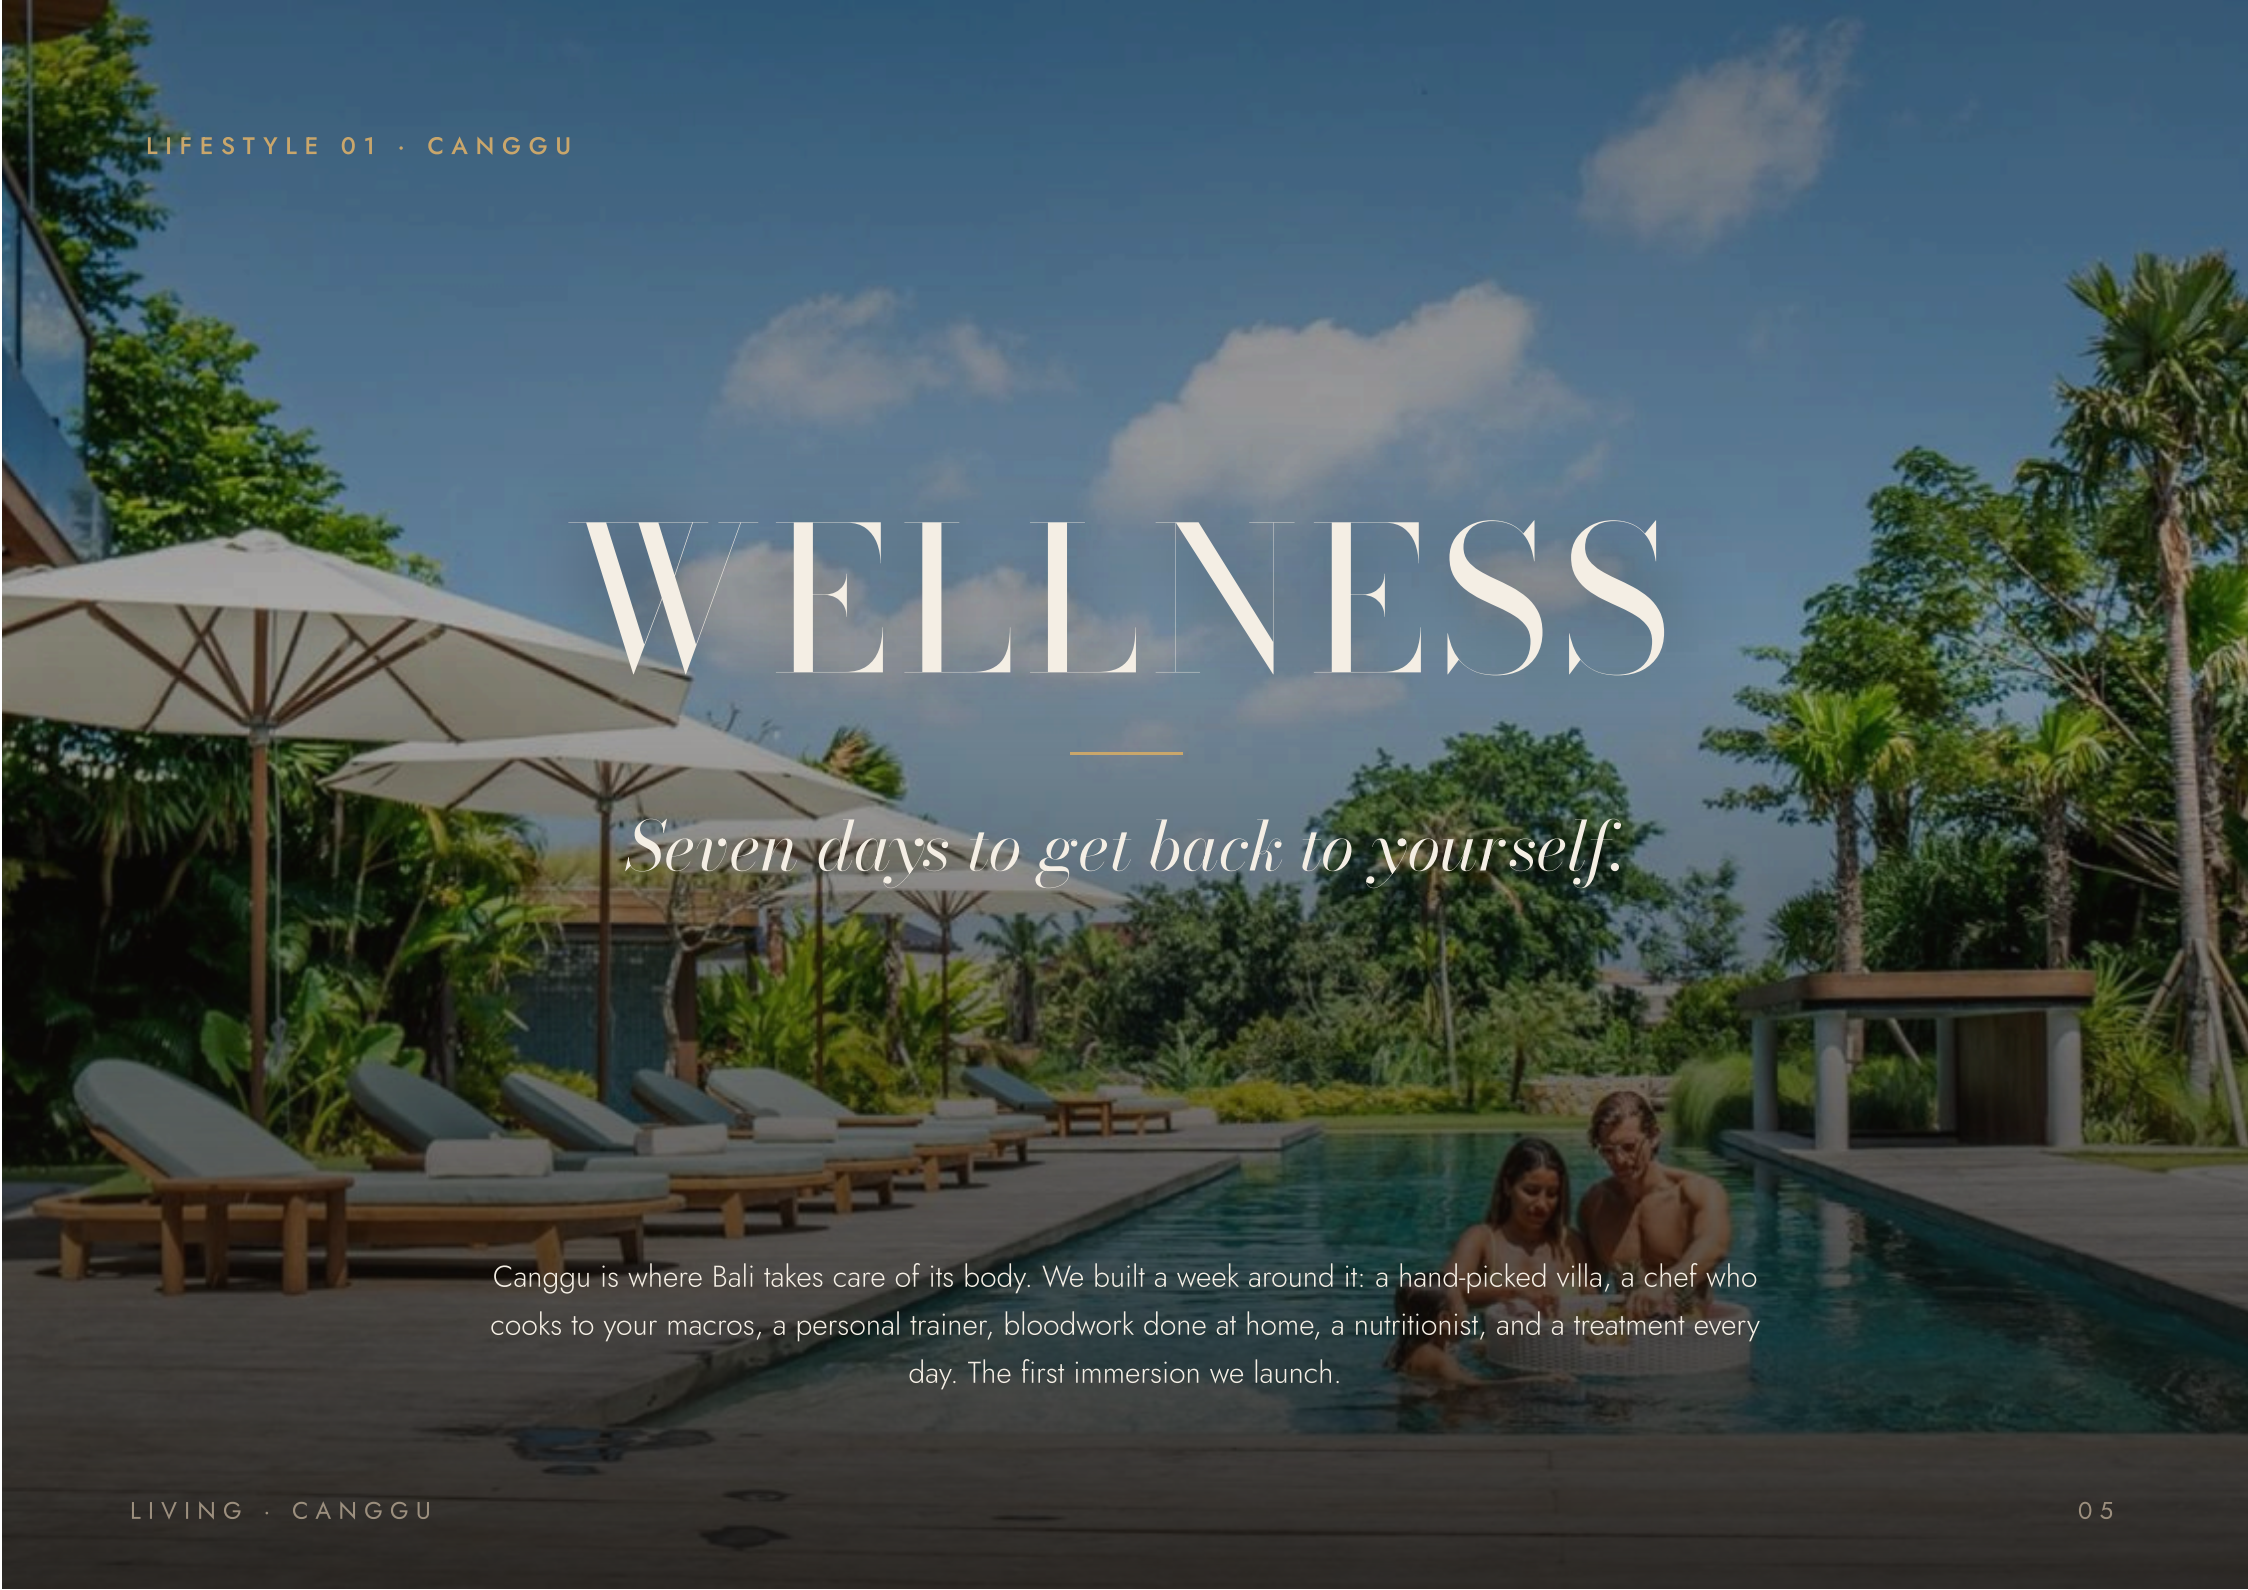

The wave. A private coach, a cliff villa, the beach clubs, the sunset at Single Fin.

Each lifestyle has its villa, its morning ritual, its table and its evening. Each one is a complete stay.

One soul, one marketing. We never sell Bali. We sell a village.

	THE FEELING	THE SIGNATURE	THE LOOK	WHO IT SPEAKS TO
Canggu	Energy. Getting back in shape, feeling your body again.	Bloodwork at home, macro chef, personal trainer, ice bath.	Bright, clean, morning light, sweat and linen.	Founders, athletes, anyone who wants to leave fitter.
Ubud	Stillness. Slowing down, going inward.	Water ceremony, Balinese healer, sound bath, temple at dawn.	Green, mist, incense, candlelight, slow motion.	Couples, solo travellers, anyone at a turning point.
Sidemen	Silence. Disconnecting completely.	Sunrise trek on Agung, rice-field walks, river bathing, no phone.	Wide landscapes, volcano, fog, earth tones.	Families, writers, people who need to switch off.
Lembongan	Freedom. Living in the water.	Manta rays at dawn, private boat, freediving, sunset from the sea.	Turquoise, salt, skin, wide blue frames.	Friends, divers, honeymooners.
Uluwatu	Adrenaline. Chasing the wave, then the sunset.	Private surf coach, cliff villa, beach clubs, Kecak at the temple.	Golden hour, cliffs, boards, sunset parties.	Surfers, groups, the social crowd.

Each village gets its own words, its own images, its own partners. The brand is the only thing they share.

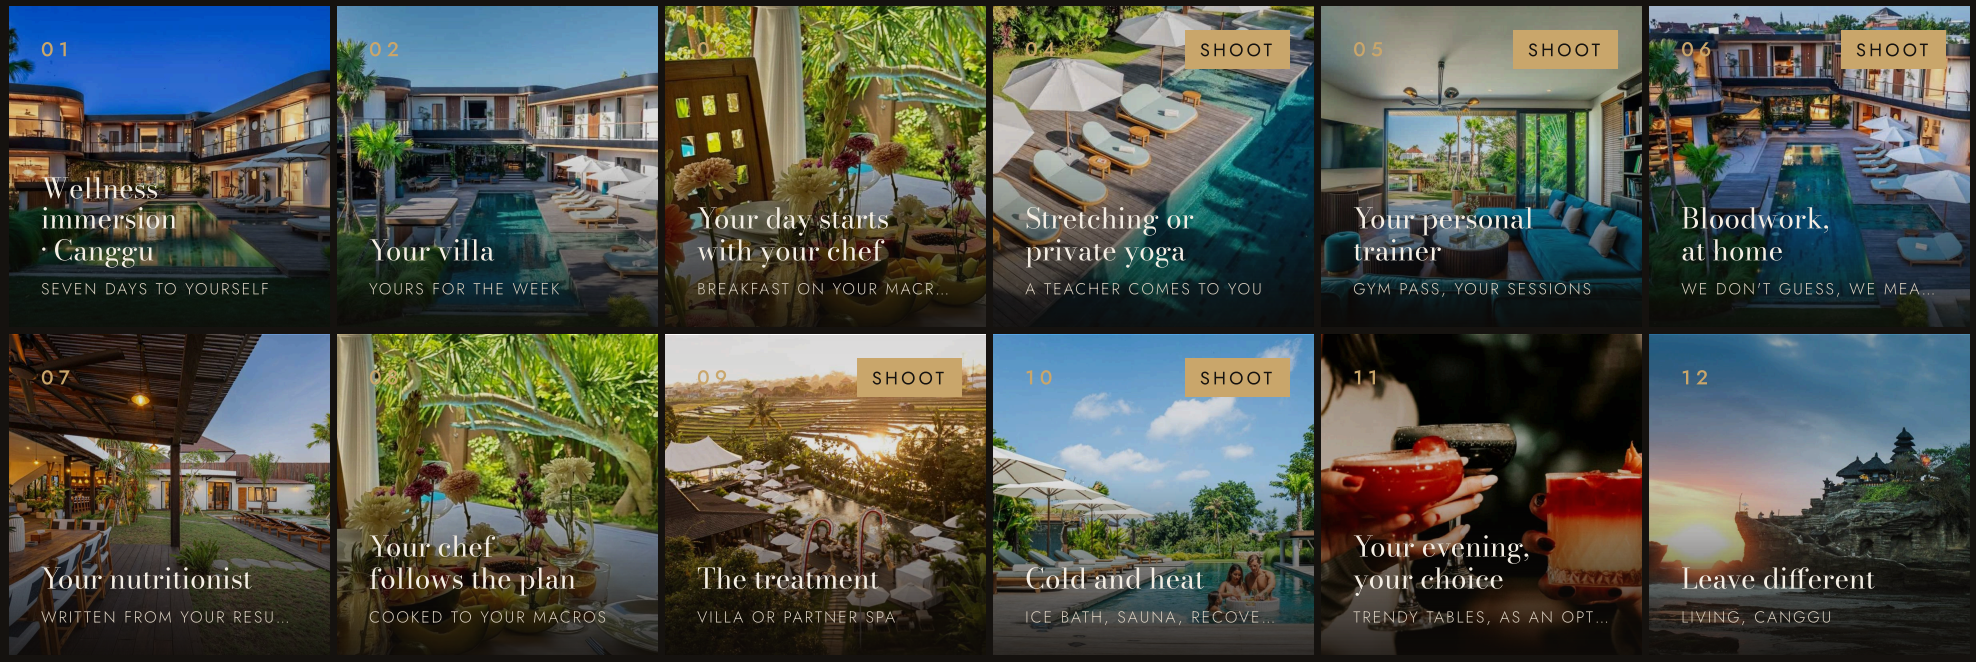

WELLNESS

Seven days to get back to yourself.

Canggu is where Bali takes care of its body. We built a week around it: a hand-picked villa, a chef who cooks to your macros, a personal trainer, bloodwork done at home, a nutritionist, and a treatment every day. The first immersion we launch.

Twelve squares, one week.

The carousel.

Photos are taken from the Influences deck to set the mood. Squares marked **SHOOT** need their own image: yoga on the deck, a session with the trainer, the nurse at the villa, the massage. One half-day shoot in a Canggu villa covers all four.

VILLA · CHEF · TRAINER · NUTRITIONIST · SPA

One price. One week. Paid upfront.

THE NAME

A name that says lifestyle, not influence.

LIVING

Used in this draft. Direct, international, works per village: Living Canggu, Living Ubud. The simplest to say and to film.

ART DE VIVRE

French, luxury-coded, understood everywhere. Art de Vivre Bali. Carries the idea of a way of living better than any English word.

WAYS OF LIVING

Says the concept out loud: one island, many ways to live it. Longer, but very clear on Instagram as a bio line.

SOUL

Soul Bali, Soul Canggu. Short, emotional, built on the manifesto line: every village has its soul.

To check before choosing: Instagram handle, .com domain, Indonesian and Singapore trademark.

LIVING

Canggu first. Then every soul of the island.
