LIVING

BALI

One island. Many souls.
Your way of living.

THE MANIFESTO

Every village in Bali has its own soul.

Bali is not a destination. It is an island where every village lives differently.

Canggu	You take care of your body and get back in shape.
Uluwatu	The cliff, the wave, and the sun falling into the sea.
Ubud	You slow down, breathe and listen.
Sidemen	Rice grows to the foot of the volcano and the silence is complete.
Munduk	Mountains, waterfalls, coffee, cool air.
Lembongan	The day is spent in the water, barefoot.

Nowhere else in the world do so many ways of living, so different from one another, sit less than an hour apart. At LIVING, we have decided to do everything it takes to turn each of them into an immersive lifestyle experience, unique in the world. Not a villa. A lifestyle villa: a place, a soul, and everything that goes with it, organised from the first morning to the last evening.

You choose a way of living. We take care of the rest.

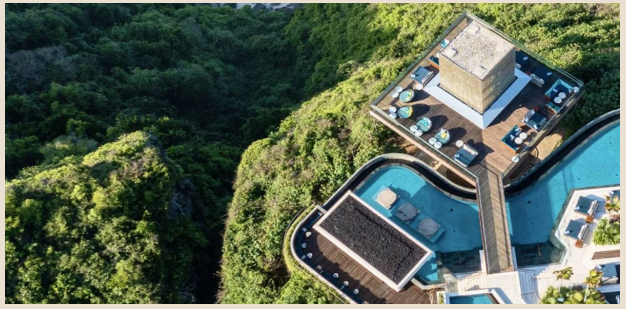

A few examples. The island has more.

Every village. Its own way of living.

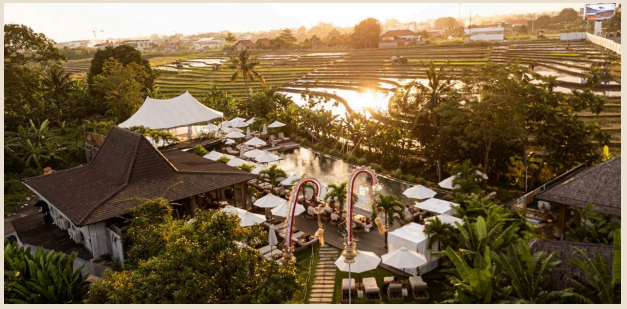

CANGGU *Wellness*

The body first. Personal trainer, macro nutrition, bloodwork at home, a treatment a day.

ULUWATU *Surf*

The wave. A private coach, a cliff villa, the beach clubs, the sunset at Single Fin.

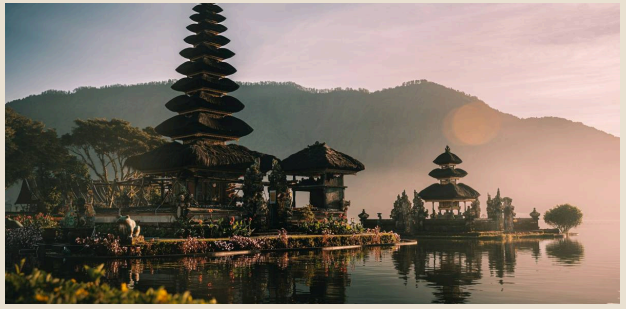

UBUD *Spiritual*

The mind. Water ceremonies, meditation, Balinese healers, temples at first light.

SIDEMEN *Nature*

The silence. Rice terraces, the volcano at sunrise, the river, and no one around.

MUNDUK *Mountains*

The air. Waterfalls, twin lakes, coffee plantations, a fireplace at night.

LEMBONGAN *Ocean*

The water. Manta rays at dawn, a private boat, sunsets watched from the sea.

Each lifestyle has its villa, its morning ritual, its table and its evening. Each one is a complete stay.

THE METHOD

One soul, one marketing. We never sell Bali. We sell a village.

	THE FEELING	THE SIGNATURE	THE LOOK	WHO IT SPEAKS TO
Canggu	Energy. Getting back in shape.	Bloodwork at home, macro chef, personal trainer, ice bath.	Bright, clean, morning light, sweat and linen.	Founders, athletes, anyone who wants to leave fitter.
Uluwatu	Adrenaline. The wave, then the sunset.	Private surf coach, cliff villa, beach clubs, Kecak at the temple.	Golden hour, cliffs, boards, sunset parties.	Surfers, groups, the social crowd.
Ubud	Stillness. Going inward.	Water ceremony, Balinese healer, sound bath, temple at dawn.	Green, mist, incense, candlelight, slow motion.	Couples, solo travellers, anyone at a turning point.
Sidemen	Silence. Disconnecting completely.	Sunrise trek on Agung, rice-field walks, river bathing, no phone.	Wide landscapes, volcano, fog, earth tones.	Families, writers, people who need to switch off.
Munduk	Freshness. Up in the clouds.	Waterfall mornings, lake temple, coffee tasting, fireplace dinners.	Mist, moss, wood, wool, warm light.	Couples, walkers, anyone escaping the heat.
Lembongan	Freedom. Living in the water.	Manta rays at dawn, private boat, snorkelling, sunset from the sea.	Turquoise, salt, skin, wide blue frames.	Friends, honeymooners, island lovers.

Each village gets its own words, its own images, its own partners. The brand is the only thing they share.

WELLNESS

Seven days to get your energy back.

Canggu is where Bali takes care of its body. We built a week around it: a hand-picked villa, a chef who cooks to your macros, a personal trainer, bloodwork done at home, a nutritionist, and a treatment every day. The first immersion we launch.

Twelve slides. One visual, one title, one line.

Seven days to get your energy back.

Wellness immersion · Canggu

Seven days to get your energy back.

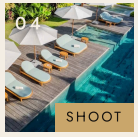

Your villa, Premium or Luxury

Hand-picked in Canggu. You choose the category, we choose the house.

Your day starts with your chef

Breakfast prepared at the villa, built on your macros, served by the pool.

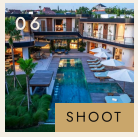

Gentle stretching or private yoga

A teacher comes to you. The body opens before the day begins.

Your personal trainer

A gym pass to Canggu's best gyms, and a trainer who builds your sessions around your goal.

Bloodwork, at home

A nurse comes to the villa. A full panel, read by your nutritionist. We don't guess, we measure.

Your nutritionist

A macro programme written from your results: proteins, carbs, fats, calibrated to you.

Your chef follows the plan

Every meal cooked to your macros. Local, fresh, prepared in your kitchen.

The treatment

A massage at the villa, or in our partner spas. Every day if you wish.

Cold and heat

Ice bath, sauna, recovery. The Canggu ritual.

Your evening, your choice

Sunset at the beach, dinner at the villa. Or, as an option, a table at Canggu's trendiest restaurants, booked for you.

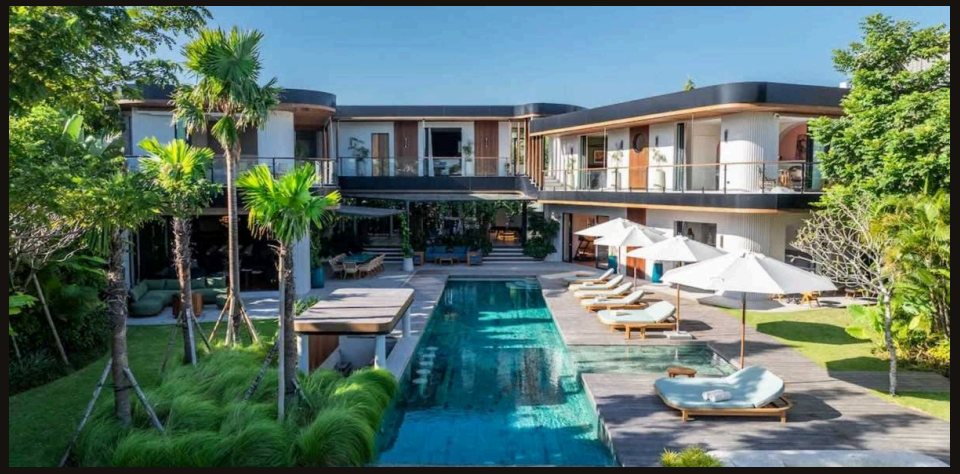

Leave different

One week. A body that has changed. LIVING, Canggu.

Thumbnails come from the Influences deck to set the mood. Slides marked **SHOOT** need their own image: yoga, trainer, nurse at the villa, massage. One half-day shoot in a Canggu villa covers all four.

THE VILLAS

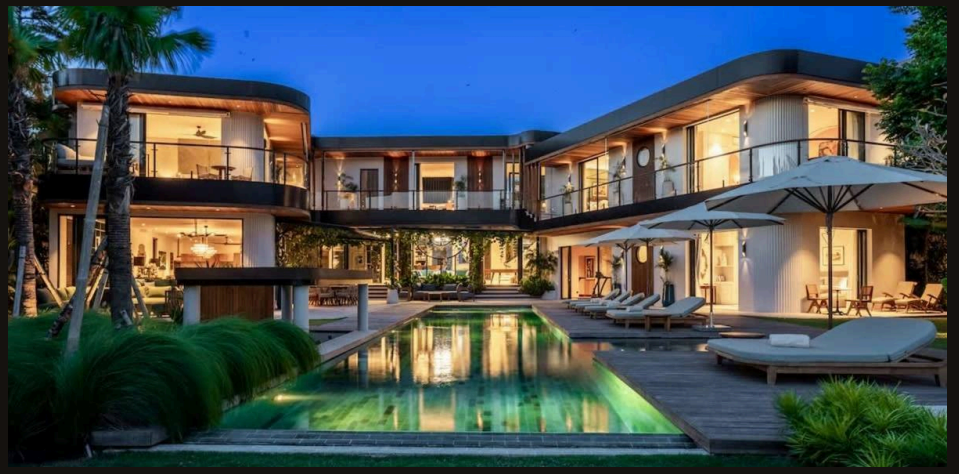

Two categories. Same immersion, two levels of house.

Premium

FROM [PRICE] PER WEEK

A designer villa, 3 to 4 bedrooms, private pool, daily housekeeping. In the heart of the village, a short walk from the gyms, the cafés and the beach. The full immersion, in a house made for a couple or a small group.

Luxury

FROM [PRICE] PER WEEK

An estate, 5 bedrooms and more, rice-field or ocean view, full staff with a butler and a dedicated driver. The same immersion, with the house as the experience: the gym, the spa room and the chef's kitchen are already inside.

VILLA · CHEF · TRAINER · NUTRITIONIST · SPA

One price. One week. Paid upfront.

THE LIFESTYLE SYSTEM

One system. Duplicated, then adapted to every village.

SAME STRUCTURE

Seven days, twelve slides, six building blocks: villa, morning, heart, table, care, evening.

SAME OFFER

Premium or Luxury villa, one price, paid upfront, a concierge on the ground.

SAME MACHINE

One carousel, one landing page, one partner rate sheet, one shoot per village.

ONLY THE SOUL CHANGES

The words, the images, the experts and the partners belong to the village.

THE NAME

A name that says lifestyle, not influence.

LIVING

Used in this draft. Direct, international, works per village: Living Canggu, Living Ubud. The simplest to say and to film.

ART DE VIVRE

French, luxury-coded, understood everywhere. Art de Vivre Bali. Carries the idea of a way of living better than any English word.

WAYS OF LIVING

Says the concept out loud: one island, many ways to live it. Longer, but very clear on Instagram as a bio line.

SOUL

Soul Bali, Soul Canggu. Short, emotional, built on the manifesto line: every village has its soul.

To check before choosing: Instagram handle, .com domain, Indonesian and Singapore trademark.

LIVING

Canggu first. Then every soul of the island.
